

ABSTRAK

Kholiqul Firnanda: *Efektivitas Metode Tasmi' Terhadap Kelancaran Hafalan Al-Qur'an Santri Putri Asrama Al-Husna Pondok Pesantren Darul Ulum Jombang.* Prodi Pendidikan Agama Islam Fakultas Agama Islam Universitas Darul Ulum Jombang, 2025.

Penelitian ini bertujuan untuk mengetahui keefektifan metode *Tasmi'* terhadap kelancaran hafalan Al-Qur'an Santri Putri Asrama Al-Husna Pondok Pesantren Darul Ulum Jombang. Penelitian ini merupakan penelitian kuantitatif. Populasi dari penelitian ini yakni seluruh santri tahfidz putri Asrama Al-Husna Pondok Pesantren Darul Ulum Jombang sebanyak 37 santri, yang kemudian diambil sampel sebanyak 20 santri. Metode pengumpulan data diambil dengan metode observasi, interview, angket dan dokumentasi. Sedangkan analisis datanya menggunakan metode statistik dengan rumus korelasi product moment.

Hasil penelitian ini menunjukkan bahwa berdasarkan analisis korelasi product moment keefektifan metode *Tasmi'* mempunyai tingkat korelasi terhadap kelancaran hafalan Al-Qur'an santri asrama Al-Husna dengan indeks korelasi (r_{xy}) = 0,59 dan hasil tersebut dapat diinterpretasikan pada taraf signifikan 5% = 0,4438 dan sedangkan pada taraf 1% = 0,5614. Sehingga dapat diketahui bahwa r_{xy} lebih besar dari taraf signifikan, maka (H_0) yang menyatakan tidak efektifnya metode *Tasmi'* terhadap kelancaran hafalan Al-Qur'an Santri Putri Asrama Al-Husna Pondok Pesantren Darul Ulum Jombang ditolak. Sedangkan hipotesis alternative (H_a) diterima. Jadi hasil pengujian di atas menunjukkan bahwa ada pengaruh positif keefektifan metode *Tasmi'* terhadap kelancaran hafalan Al-Qur'an Santri Putri Asrama Al-Husna Pondok Pesantren Darul Ulum Jombang.

Kata kunci: Metode *Tasmi'*, kelancaran hafalan Al-Qur'an

ABSTRACT

Kholiqul Firnanda: The Effectiveness of the Tasmi' Method on the Fluency of Qur'an Memorization of Female Students at Al-Husna Dormitory, Darul Ulum Islamic Boarding School Jombang. Study Program of Islamic Religious Education, Faculty of Islamic Studies, Darul Ulum University Jombang, 2025.

This study aims to determine the effectiveness of the Tasmi' method on the fluency of Qur'an memorization of female students at Al-Husna Dormitory, Darul Ulum Islamic Boarding School Jombang. This research is a quantitative study. The population of this study consisted of all 37 female tahfidz students at Al-Husna Dormitory, Darul Ulum Islamic Boarding School Jombang, with a sample of 20 students taken. The data collection methods used were observation, interview, questionnaire, and documentation. Meanwhile, the data analysis was conducted using statistical methods with the product moment correlation formula.

The results of this study show that, based on the product moment correlation analysis, the effectiveness of the Tasmi' method has a correlation with the fluency of Qur'an memorization of female students at Al-Husna Dormitory with a correlation index (r_{xy}) = 0.59. This result can be interpreted at the 5% significance level = 0.4438 and at the 1% significance level = 0.5614. Thus, it can be seen that r_{xy} is greater than the significance level, meaning that the null hypothesis (H_0), which states that the Tasmi' method is not effective on the fluency of Qur'an memorization of female students at Al-Husna Dormitory, Darul Ulum Islamic Boarding School Jombang, is rejected. Meanwhile, the alternative hypothesis (H_a) is accepted. Therefore, the results of the above test indicate that there is a positive influence of the effectiveness of the Tasmi' method on the fluency of Qur'an memorization of female students at Al-Husna Dormitory, Darul Ulum Islamic Boarding School Jombang.

Keywords: Tasmi' Method, Qur'an Memorization Fluency
